Join the Sustainable Business Challenge and receive \$500 in rebates!

Do you want to save money and operate more efficiently?
The California Green Business Network can help your business thrive
through our Green Business Certification.

The first step in getting certified is to attend a brief information session with a Sustainability Consultant. We will guide you through the certification process and help you every step of the way. We make it easy!

**Don't wait! \$500 incentives are limited and
are first-come, first-served.**

Sign up for a free info session by ***January 31st***
to take advantage of this offer: bit.ly/earthday23

New certified Green Businesses will also receive free technical assistance
throughout the process and digital marketing upon completion.

Businesses must complete their certification by Earth Day 2023 to receive a \$500 incentive.
